# A Broker on Your Side

## Forex Prince is a true No-Dealing-Desk broker

At Forex Prince there is never a conflict of interest between us and our clients. As a true No-Dealing-Desk broker your orders are streamed straight to our liquidity providers and executed completely anonymously in the market. There is no dealing desk that knows of your 'stop loss' and 'take profit' levels. This removes dealer intervention and the risk of price manipulation. The No-Dealing-Desk setup is in stark contrast to a market maker model where the broker has an adverse interest in the outcome of your trades as unfortunately your loss is their gain.

At Forex Prince our sole source of income stems from traded volume where we make only a marginal profit on all transactions. As such, we have absolutely no benefit in our clients losing their money. On the contrary, we want you to make money so you can continue trading.

When you choose to trade with Forex Prince, you can be sure of getting a fair and transparent trade execution model where you enjoy the same Forex and CFD trading conditions whether you are long or short, or whether you are winning or not.

**Don't just take our word for it. See for yourself.**

Opening an FX and CFD trading account with Forex Prince couldn't be easier with our simple online application and numerous account funding facilities.

## MT4 goes Mobile

Never miss a market opportunity again with our MT4 mobile platforms

Stay connected when on the go with the MetaTrader 4 Mobile software that allows you to manage your accounts from portable devices like smartphones, pocket and table PCs. Wherever you are, you can stay up-to-date on the market's latest developments, and take action as you see fit. The software comes with a variety of analytical options and graphical display of quotes in addition to the complete trade account management.

## Discover the fairest Market in the World

### Embark on the FX Market with our tailored Partnership Solutions

Improve your offering by giving your clients a greater choice of products and platforms. By partnering with a leading global Forex and CFD broker ForexPrince can help you build a trading infrastructure that will grow your client base and increase your revenue. Whether you are a financial institution or an individual, we will work with you to develop a comprehensive solution that is tailored to your clients on trading platforms that are robust and secure.

### Introducing Brokers (IB)

Our IB program helps organisations and individuals build their client base with a tailor-made commission strategy for introducing new clients. We offer complete solutions to all our partners to ensure the highest levels of service and assist in developing your business.

### Asset Managers

Our Asset Manager platform - Multi Account Manager (MAM) is a tool that is designed to provide Asset Managers with the ability to trade multiple accounts with just 1-click trading. The trades will instantly be allocated to the sequence of managed

accounts at the same prices as on the master account. We provide on-going back-office support whereby drastically reducing your administrative work, allowing you to fully concentrate on trading

### White Labels

Our White Label solution is for licensed financial institutions looking to enter or expand their online trading business. Our services include re-branding and customising our trading platform to your requirements whilst providing added-value support services to you and your clients.
